Contra Costa Reentry Network

A Program of HealthRIGHT 360

WHO IS HEALTRIGHT 360?

HOW IT STARTED

In 1967 **Haight Ashbury Free Clinics (HAFC)** opened its doors for the first time in San Francisco as the first free medical clinic in the country. Delivering primary health care services to those who can least afford them and standing by their guiding principle that **"Health Care is a Right, Not a Privilege."**

Haight Ashbury Free Clinics and Walden House have both grown over the years, becoming national models for community healthcare, substance use disorder treatment and mental health services. On **July 1, 2012**, Haight Ashbury Free Clinics – Walden House merged to create **HealthRIGHT 360**.

In 1969 **Walden house** was founded in the same Haight-Ashbury district of San Francisco to help homeless and runaway adolescents with substance use disorder problems. Today, Walden House treats people with mental health and substance use disorder problems at various residential and outpatient centers throughout California.
